Access Guide

Welcome to the TPS Program. This digital programme is offered in partnership with your healthcare team and provided by Trauma Pain Support (TPS).

This guide helps you get started and understand what to expect.

1. Access Instructions

You will receive a secure link in your welcome letter to access the TPS programme assigned to you by your healthcare team. Please follow this link and create your personal account.

Access is **free of charge**, and your information will remain **completely confidential**. Trauma Pain Support (TPS) does **not** hold or store any of your data.

To create your account:

1. **Click the secure link** provided in your letter.
2. Enter your **email** and **full name**.
3. Click on **“New User”**, then re-enter your name, email, and **create a password**.
4. Click **“Sign Up”**.
5. A **secure code** will be sent to your email – enter this code when prompted.
6. Once logged in, you’ll see your programme dashboard.
7. Click on **“Start Course”**.
8. Begin with the **introductory video**, then progress through each session in order, starting with **Session 1**.
9. Complete the **worksheets** as you go, in collaboration with your healthcare team.

2. What to Expect

The program includes videos, guided exercises, and reflection tools designed to support your recovery. It is self-paced, and you can complete it over several weeks depending on your needs.

3. Technical Support

If you experience any issues accessing the program, please contact your healthcare team who referred you. They will support you or raise any technical issues with the TPS support team as needed.

4. Certificate of Completion

Please follow the instructions at the end of your programme to request a certificate of completion. This certificate may be useful for your records or as part of ongoing treatment or recovery planning.
